## Turkey is being much more actively featured this week with a strong resurgence in boneless breast cut promotions. A few whole bird and whole breast ads pop up occasionally with most activity for kosher product for the upcoming Rosh Hashanah holiday. Breast cutlet featuring is up considerably over last week and at higher average ad price levels. Strips and tenders follow suit but on less activity. Dark part promotions are limited this week. Ground turkey remains a popular feature item but on lower average ad pricing. Lean grinds and sausage items remain popular with ground breast making a strong comeback late in the ad cycle. No price promotions are up slightly from the prior week. Patties, popular last week for grilling, have almost dropped out of circulars altogether.
